THE HORNET

Lisa,

It's been fun all these years. I'm really proud to have you as a friend. I hope we can stay friends always.

Good Luck!

Love ya,

Edna

Lisa,

I'm glad I've gotten to know you. You are loads of fun, stay that way & life will be easier. We've had good times together and I hope we'll have some more. I'm glad I'm finally a Jr. It feels great. Good-luck in the real be, future & always.

Love (Jr. 77)

Lisa,
you are really
a great person to
know. We've had a lot of fun
this year. 2 years to go and we'll be
free, hard to believe & hope we can get
every class next year. Good Luck in the years,
you'll need it. Do 55. (smile)

Love ya
Keep your great

My AFS year in Tulia has really been a wonderful experience for me. I have met many great people, learned about your country, and I feel I have informed you of my country, South Africa. I now believe that people from all over the world, no matter their race, language or color, can share a common bond and get on well together. I know I will remember this year for the rest of my life and I would like to take this opportunity to thank all the people who made this possible for me.

Being student body president has been very meaningful to me. As president, I have been able to meet new people and see new places. I will always remember THS and the students who have been so helpful to me.

The Librarians Club is on the top of the list when it comes to activity. Every year they have a Christmas party and bookfairs and a final party for the Seniors. As you can see by the pictures, all the members in the club are very, very close!!

Lisa, well now that you're
big sophomores how does it
like? you're really a great
friend and a blast to be
around keep up the good
work in doing things you
do and we hope you achieve
things you desire most
much success in doing so

Love always
Cathy

the blue sky energy

We can't take credit for it. That's just the way it happens to be. Natural gas is clean burning. Doesn't dirty the air. It helps preserve the clean, blue skies of today for tomorrow.

What we can take credit for is working to provide a continuous supply of clean gas energy . . . to warm people, to cool people, to cook their meals, to heat their water, to dry their clothes . . . gas to help industry do its work.

Clean, efficient, versatile Natural Gas . . . the blue sky energy for today and tomorrow.

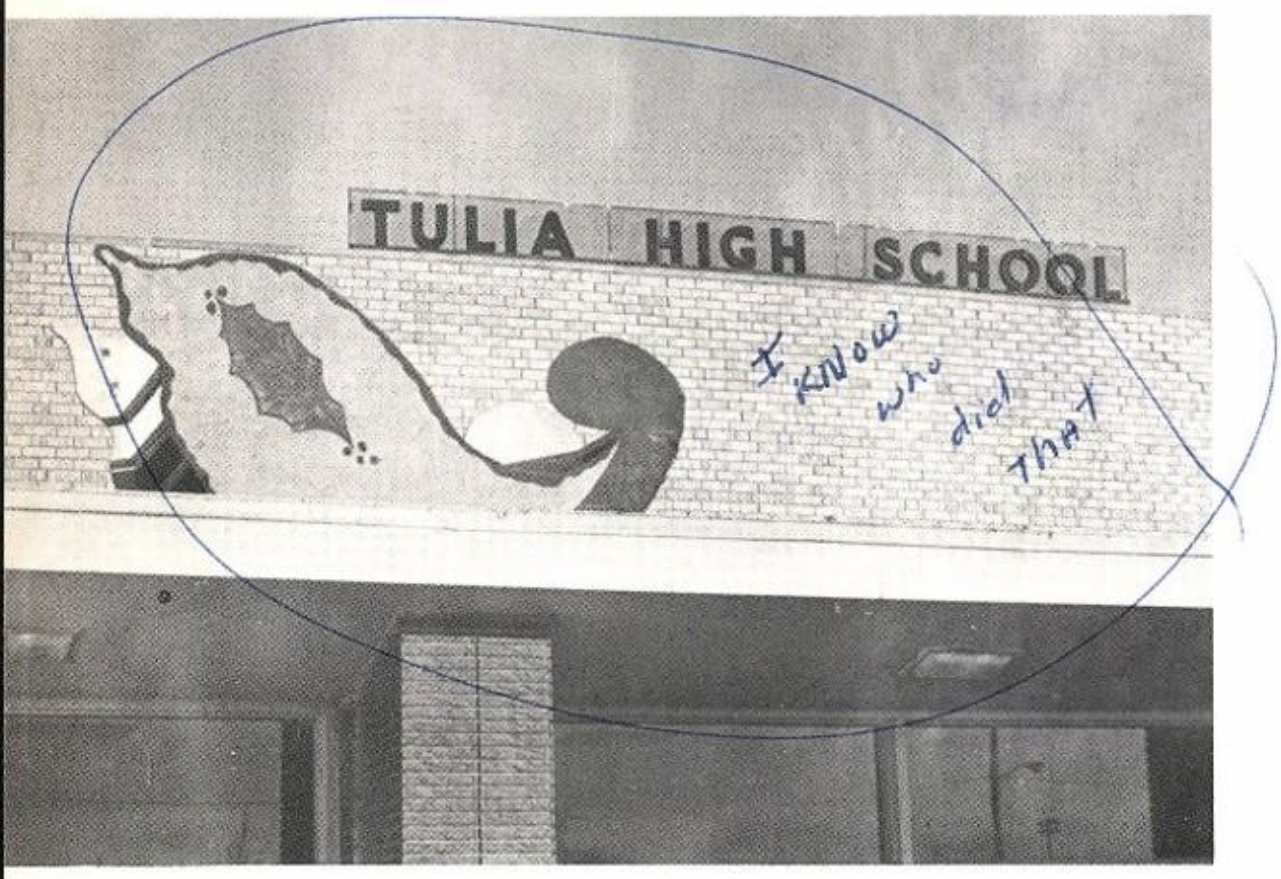
WILL LIVE FOREVER!

— ONE OF THE MEMORIES



Lisa,

Here we are again. We've been friends since 5th grade. Let's keep it that way. Stay sweet and pretty and you'll go far. Good luck with all the guys!!

Friends for ever

Audrey

Dr. '79

Lisa,

you a really terrific gal. and a super friend. Stay cool and you will go far. Good luck in everything you attempt to do. and with all the guys of your dreams.

P.S. Sorry its so sloppy.

Bye.

Stay Cool
